Her Majesty Queen Elizabeth II

With the crowning of Princess Elizabeth as Queen Elizabeth II, our hopes rise that in her reign her ideals will form the precedent for peace and prosperity in a troubled world. To her success in this endeavour we pledge our loyalty and dedicate this book.

Acatec

As the school year draws to a close you may pause to look back and remember many of the happy moments you have spent at Western. The purpose of the Acatec is to aid you in your reminiscences.

Every noon since September a group of students has met in the Acatec office to compile this book. We are happy to report that many sections have been included this year, which we omitted last year because of rising costs. As a result, you will have a record of the teaching staff with a picture of each member. Since we feel that the book would be incomplete without it, a large section has been devoted to Drama and this year's dramatic production "The Gondoliers."

We should have liked to include a greater number of reports from the clubs, but since such a procedure would have meant cutting down the size of some of the pictures, we refrained. We think you will agree with our decision.

The Acatec staff extends its warmest thanks to all those who have helped make this book possible; to our advisors, Mr. Bryne and Mr. Desson for their guidance; to Blaine's Studios and Commonwealth Press; to our candid photographers Bob Young and Jim Dodson; and to the various members of the staff and faculty of the school who have lent us their valuable time and assistance.

Here is your Acatec. We hope you enjoy it.

On behalf of the Students' Union Executive I should like to thank those who made Western what it has been this year—a happy, aggressive institution.

At Western common interests in studies, clubs, sports and social activities have led to valuable friendships which will help us all to attain success in the world which lies ahead.

Success in life will not mean the same thing for each one of us, and no one can attain real success without achieving the highest standards of which he is capable. Dr. George Washington Carver, the great Negro scientist said:—

"The few who strike out without map or chart
Where never a man has been,
From the beaten path they draw apart
To see what no man has seen.
Their deeds they hunger alone to do,
Though battered and bruised and sore,
They blaze the trail for the many who
Do nothing not done before."

Whether we are a trail blazer or a humble follower of beaten paths, achieving our best will bring success. and the reward for success which is happiness.

To those who go out from Western this year I wish good luck: and those who return to complete their high school course I would ask to remember that the reputation of W.C.H.S. is in their hands. The high standard, the spirit of their school and its reputation depend upon their loyalty to its tradition. People judge a school by the behavior of those who attend it.

Mark Twain suggests for us an attitude to life and a standard by which the world may judge our living:

"We have no regard for pomp, show and shams—nothing but the essential matters, and that is all that matters."

As might be expected in a school as alive as Western, the Students' Council has had a very busy time.

The school year opened with our annual Freshman's Frolic, sponsored by the Union. This is the grand occasion for receiving the new-comers into the student body and for starting off the social life of the school.

In very short order the Inter-High Council was organized and meetings arranged at the Y.M.C.A. for every second Thursday. The chief purpose of these meetings was to try, through the co-operation of the four high schools, to keep school functions running smoothly and efficiently.

There was the trip of the senior football team to Lethbridge, then the game with Edmonton on our home grounds, and in March the Athletic Banquet and Dance.

The eighth annual "Operation Western" was one of the most successful dances of the year. On that occasion, with all due ceremony, Peggy Fisher was crowned the new Miss Western.

In mid-May the auditorium was once more beautifully decorated with flowers and streamers. This time it was the culminating event of the year, the Graduation Exercises and Formal.

ADMINISTRATION

Responsibility of Education

In order that the individual may make a contribution to the wellbeing and enrichment of his society and enjoy its rich culture educational procedures have been organized. While the schools were maintained largely by the religious organizations an education was possible for only a few; now that it has become a function of the state it is available to all.

This opportunity for an education is yours at Western. The acceptance of the opportunity, however, carries with it the obligation on your part to make the greatest use of it that your abilities permit. Progress is a forward movement. You must be prepared to make your contribution. Your responsibility does not end with the learning of those skills with which to earn a livelihood, important as that is. You should have that background of training which may be obtained from the thoughtful study of literature, history and the sciences. New ideas and new situations are confronting you today. These can be interpreted and evaluated adequately only by those with a sound educational background. To get such of that background as is provided by this school is your responsibility to society.

Such an education brings its personal satisfactions. An educated person is in a position to enjoy more fully those satisfactions derived from an understanding of and an appreciation of the beauties contained in literature, the fine arts, and the sciences. A sound education will enrich your life making it more complete, more satisfying and more effective.

LITERARY

Our Athletic Record

Western's athletic record over the past five years is something of which we may be justly proud. Five years ago, for the first time in many years, there was put up for competition the Alex Ross Trophy, emblematic of Provincial High School Senior Football. Western has won it three times. In the same period we have held the city junior football championship twice. The Astrall Trophy for soccer supremacy awarded only twice in the last three years, has been won on both occasions by Western. Three years ago we also held the championship in another field, junior basketball. We have won the track meet twice out of four, and five years ago made a clean sweep in all three boys' classes. The Alex Ferguson Memorial Trophy, awarded to the school with the best athletic record for the year was carried off by Western in 1951-52. Is it any wonder that we find some satisfaction in calling to mind these achievements?

In the same period Western has had many outstanding athletes. It would be impossible to give a complete list here, but names like Gordon Fraser, Bill Patrick, Phil Swan, Hack Hooks, Byron Richards and Bruce Ledingham should be familiar to all senior students.

Lyle Garbe is still regarded as something of a demi-god, and we still thrill as we call to mind Rance Creassar, who, though failing to break the record, won the mile. Nor can we forget Pete Mathlashewski, who, in the half-mile broke a record of fifteen years standing and later won an athletic scholarship at Drake University in Des Moines, Iowa.

Much of this achievement must be credited to the men who have been at the head of Western during this time. In this, we have been fortunate. Mr. Woodman, our principal, has been a member of the Board of Governors of the Interscholastic Athletic Association since 1912. Mr. Johnson, Vice-Principal, was last year made one of the first life members of the same association in recognition of his services to interscholastic athletics.

In our instructors and coaches we have been no less fortunate. Mr. James, who now teaches English, was a P.E. instructor and coach for five years. Last year, Mr. Mayell, who is completing his fifth year as boys' P.E. instructor, was appointed director of athletics. He is being ably assisted by Mr. Fayter. Mr. Wonnacot, though an instructor of mathematics and science, has been the coach of our champion soccer team; and then there is Mr. L. Parker, who, though neither instructor or coach, has always supported school sports with an active interest.

Another achievement of athletics at Western must also be added to the record. It has provided much healthful exercise, an outlet for energy, an interest around which to build our enthusiasms, and a cause for pride in our school.

Western's Contribution to Canadian Life

Are you a Western student or one who wishes he were? If you are one, this is the kind of company among whom you travel and these are the names of those among whom you have the honor and privilege to be enrolled.

THE DOCTORS, not Banting or Best, but an associate of theirs, Dr. Stanley Harroft, a former Westernite, won a research award given by the Royal College of Physicians and Surgeons of Canada for his work concerning the effects of atmospheric pressure on the human heart.

THE MUSICIANS, James Lamond, former Singing Stars Candidate; Arlene Meadows, Mary Lou Davies, Don Palmer and Gordon Cool bolster the ranks of the Calgary Symphony or have given numerous local and out of town recitals.

TO SPORTS enthusiasts the names of Norm Kwong, Freddy Wilmont and Ken Kier are familiar while Don Petty, who left Canada for the United States is a long distance runner and a member of the Olympic Team.

IN THE FIELD OF DRAMA, Jack McCullough's stage designs have brought fame to himself and Western, while Joan Ryan, acting in London, Irene Poulan and Pat Laidlaw have won acclaim not only in Calgary but all over Canada.

ON RADIO the voices of Joe Marx, Don McDermid, Cec Palmer and Don Fox are familiar to all who endure "Teddy the Toaster." Farther afield Jack Dennet announces before Foster Hewitt on the Hockey broadcast and Don McMillan formerly in charge of CFAC is now in Toronto.

A PROFESSOR in Paris, Alex Snowden has instructed in English after instructing in English over the whole of France, while in England. Andy Snaddon is a foreign correspondent for the Calgary Herald.

The names of all these well known Western students appear upon our honor roll. Of them we are especially proud. They are however, but a few of the names which have been inscribed upon the registers. Here we find the names of people such as you and me, people who live good lives but are never known to the newspapers.

While we pay our homage to our great, we are proud to be enrolled among those who can claim only to be good citizens, the main product of Western.

Miss Western '53

Helen Christie, Peggy Fisher, Joan Wensrich.

On Friday, April 24, at one of the most important functions of the year, "Operations Western," amid the acclaim of fellow students, Peggy Fisher was crowned "Miss Western '53". As she sat on the stately throne, made brilliant by bunting and spotlights, Marcia Miller placed the crown impressively upon her head. Attended by the ladies in waiting, Helen Christie and Joan Wensrich, she was presented with many lovely gifts donated by local firms, amid loud applause. The entire school feels proud of their selection of "Miss Western" for 1953.

The Mirror Misses Nothing

The Western Mirror, during its seventeen years of posting the news of the school, has won awards and produced some great writers. It is proudest, however, of its records of service to the student body as a source of news.

The staff, pictured on this page is comprised of students picked from all grades, with and without experience. The editor is Lee Roughsedge. It is they with their teacher advisors who have made this year's Mirror so successful.

Bill Townsend, Gizella Kiss, Robina Collier, Helen Adamcsik, Phyllis Boyce, George Falk, Harry Schaefer, Anette Proulx, Joyce Urbanek, Pat Stillings.

Camera Club Has Interesting Program

After talking to Mr. Umbach, supervisor of the Camera Club, I have decided that this group is a very busy one indeed. The picture which appears in this issue of the Mirror was taken and developed by members of the club.

The eleven shutter-bugs meet every Thursday noon in the basement of the central building where they set up a work shop. The members discuss the operation

and various merits of different types of cameras, study films and developers, suggest types of cameras to buy, and develop negatives and prints for the benefit of the members, both as a means of learning and practice.

Plans are being made to tour some of the large film-finishing plants to gain further knowledge of developing.

The aim of the club is to improve photography in a practical way and do experimental work under expert leadership.

Front row: Shirley Crawford, Hazel-Ruth Coulter, Georgina Heath, Marlene Germaine, Alberta Louise, Evelyn Hartung, Betty Carrie, Ann Schuler.

Every school club starts the term having as its objective a busy and very profitable year. The I.S.C.F. feels it has made that objective this year. It came through whole-hearted co-operation and participation of the numbers in all the club activities. The Bible studies, imported speakers and interesting programs proved to be very edifying.

DRAMATICS

drama

Horseplay, mess, noise and serious concentration make the Drama course at Western memorable to the student who successfully survives the first six weeks.

Drama this year has been pushed, shoved and towed along by Marcel Asquin, who, due to the absence of Miss Betty Mitchell, accepted the dubious honor of keeping law and order backstage.

Departing from Western's usual play, Mr. Asquin tackled a Gilbert and Sullivan operetta, and by dint of methods known only to himself and the wee pixies, forged a production out of the scholars (?), surprising everyone concerned.

The Gondoliers maintained the high standard of Western's previous dramatic achievements and (excepting the occasional nervous breakdown) students and staff emerged triumphant and unscathed.

THE GONDOLIERS

Directed by Marcel Asquin
Musical Direction by May Powell

"Life's a pudding full of plums
Care's a canker that benumbs—
—Life's a pleasant institution
Let us take it as it comes."

That was the carefree note of the Gondoliers in a lively presentation at Western on March 11, 12, and 13th. It was a tremendous undertaking for Western — an entirely new venture

The gathering of the cast in early October was a slow process. About fifty were needed, twenty of them boys. The number was finally made up by several girls volunteering to take boys' roles. Uncertain snatches of melody drifted from E14 at noontime during the fall, but these became more harmonious as the cast grew familiar with the score. Sixteen soloists had to be selected and trained. It was significant that they were chosen from all three grades. Some promising talent showed itself. Miss Powell was patience itself, directing the singing and transposing scores for both singers and orchestra.

Ah! Woe is me . . .

From the Sunny Spanish Shore

After Christmas, Mr. Asquin designed sets and costumes, worked out the dance routines and began direction of the drama. From January to March things were humming. No pun intended; enough are found already in Gilbert and Sullivan. The costumes were colorful and inexpensive. Teachers' shirts cut and dyed, were used for practically everything from Gondoliers' humble jerkins to Kings' royal jackets. Three wigs were the only items rented, and this only after a vain attempt to fashion them from cotton batting. This idea had to be abandoned. The stage crew recreated Venice and a foreign palace on painted flats and with a minimum of wheels and pulleys constructed a gondola to carry the actors smoothly along the famous canal.

Hectic cannot describe the few remaining weeks before opening night. Working furiously the production staff gathered its forces for the final lap, while teachers, recognizing bleary eyes, hoarse throats and other signs of near collapse, concluded correctly that rehearsals had begun in real earnest.

At last the opening night arrived. The production was smooth, and the audience enthusiastic. As a result, the cast did even better on each succeeding night. It was a triumph for the directors and for the spirit of Western.

The Alex Ross Trophy, emblematic of Senior High School Provincial Football supremacy, returned to Western for the second consecutive year when our "Redmen" copped the cup by virtue of a 29-0 victory over Scona High of Edmonton.

During the season Western won 5 games, losing once to Central High. The team made a road-trip to Lethbridge, accompanied by many enthusiastic fans who watched them gain a 28-0 victory over the Lethbridge squad.

When the members of the High School "All Star Teams" were announced, Westernites were proud to learn that on the first "Dream Team," Western had 7 members: Wilson, Lumgair, Hansen, Chow, Herron, Fofonove and McClelland while on the second team Western had one member: Bissel.

Credit is also due to the men "behind the scenes," our principal, Mr. Woodman, members of the assisting faculty, Mr. Mayell, Mr. Fayter, and coaches Cliff Kliewer and Don Campbell. Each of these men have contributed to the promotion of football in the school.

Junior Football . . .

Front row: Dot Zurch, Peggy Scott, Peggy Fisher (captain), Eileen Peel, Jean Girvin.

Congratulations go to the intermediate girls' basketball team for bringing home the only basketball trophy won by Western this year! The coveted Girls' Association Trophy, snatched from us by Crescent last year, was retrieved in a hard-fought final in which Western finally pulled ahead for a two-point lead, seconds before the final whistle.

Peggy Fisher and Eileen Turner led the team in high scoring, but high achievement of the team as a whole came only because of the team's great spirit, constant attendance at practice and Martin Lundmark's excellent coaching.

Boys' Track Team . . .

Back row: W. O'Connell, B. Maclure, D. Millar, G. Knott, A. Pollock, F. Griffin, E. Harris, J. Boyd.

GO TO COLLEGE

AND WIN THE QUEEN'S COMMISSION

High school graduates may now obtain a college education and at the same time win the Queen's Commission in the Royal Canadian Navy, the Canadian Army, or the Royal Canadian Air Force, under the Regular Officer Training Plan.

Students may be selected to attend Royal Military College, Royal Roads, Collège Militaire Royal de Saint-Jean or designated universities.

Under the Regular Officer Training Plan students receive generous financial assistance from the government throughout their academic careers.

Students who take advantage of this plan are required after graduation to spend the minimum of three years as commissioned officers in the service of their choice.

If you are interested, write for full information to:

**The Regular Officer Training Plan Selection Board
